

Question and answer addendum for New Castle Signage and Way Finding RFP

- 1) The background color of the signage? **Black or Dark Grey**
- 2) The wood grain color? **Medium Oak.**
- 3) Is the graphic color or black engraving into the wood grain? **Engraved and filled with black**
- 4) There is a conflict on the specs and the drawings. The specs call out photopolymer and the drawings call out acrylic. **Use Polycarbonate Acrylic**
- 5) Also a note, to make sure that all interior wall signs are installed with silicone as well as the “two-faced tape” or the signs will fall off the wall eventually because the tape dries out. **Attach with silicone**
- 6) Is there any exterior way finding signs? **None**
- 7) What color is the copy and symbols on the signs? **White**
- 8) Sign permit? **The district has the sign permit from the Town of new Castle**
